

The United States League cannot function in 1945 as it would like to do but is hopeful of operating as a decently organized league in accordance with all of the rules and regulations imposed at the present time by organized baseball upon its league members, and therefore the United States League is hopeful that, by the end of 1946, it will be accepted as a regularly constituted member of organized baseball.

The League has been greatly encouraged and is deeply appreciative of the consideration given it by major league park owners, and it is our purpose to set such standards during this season of 1945 that the major league owners and the public will have no regrets for the consideration and support accorded the United States League in 1945.
